

# Family Values

Families of every size turn to you for take-out meals with great value at a great price. Anchor can offer you the value you need for your customers, helping you reduce your costs and increase your takeout sales.

We offer a family of great looking takeout containers that fit the consumer's budget, and deliver value.

- **Re-Usable.** Give your customer real value. Not a single-use disposable container, but a multiple-use take-home container they can eat right out of, throw into the dishwasher, and use again and again and again. Recyclable too!
- **Microwave-Safe.** Heat Tolerant under heat lamps or in warming units to 230°F.
- **Leak-resistant.** No messes to clean up in the car on the ride home.
- **Upscale Design.** Research has proven that better packaging means a better takeout dining experience.

And over the past 2 years, Anchor has added 32 value-added, innovative, and cost-saving take-out container SKUs, including the new **Culinary Basics**, **Incredi-Bowls**, **one2four** series, and the newly redesigned **MicroRaves** rectangular and ovals. With dozens more in development.

Call us @ 314-822-7800 or visit our website [www.anchorpac.com](http://www.anchorpac.com) for product information or the nearest sales office.
