

Bigger & Better

Mega-Meal™. The perfect new look for family-size meals, large portions, or holiday specials. Any time of year.

Wings and appetizers during that bowl party. Pasta Night dinner for the family on the go during the week. Sliced beef, ham, or turkey for sandwiches for the Sunday gathering of friends and family.

2 NEW BIG SIZES: 80 oz. and 100 oz. capacities, holding up to 6 pounds. Half steam table pan footprint. Despite their size and capacity, these containers are easier to handle with tabbed corners that facilitate easy removal and re-closing of the lid. Durable and strong enough to stack up to 3 high, saving on space during staging and transport.

HEAT-TOLERANT. Will withstand temperatures up to 230°F when used under heat lamps, in warming displays, and in hot boxes for catering.* Microwave-safe. And cool to the touch flanges facilitate easy lifting.

BETTER PRESENTATION AND ORDER ACCURACY. With clear vented, anti-fogging lids, the new Mega-Meal provides for much better visibility than similar containers of its size with foil or board lids. And a durable classic black tray shows off culinary items better. Both tray and lid are tear and puncture-resistant, with the newly designed lid providing a secure fit, and leak-resistance during the transport to the event without spills or messes.

CONSUMER REUSABLE. An added bonus for the consumer. It's Dishwasher-safe, made of durable polypropylene—the same material used in reusable food storage containers sold in stores. Eligible for recycling.
