More Food thru the Window Drives Profit thru the Roof

- Perfect for hot foods up to 230°F; works well under heat lamps and in microwave
- Food looks fresh and appealing in upscale alternative to foam and paper packages
- Cold applications look great; one package for hot and cold minimizes inventory cost
- Attractive 16oz. polypropylene black base is table-ready or easy to eat on the go
- Made with renewable mineral additives reducing use of petroleum based resin
- Clear, anti-fog, vented polypropylene lid keeps food visible and avoids errors
- Leak resistant closure keeps lids secure and prevents messy spills
