

Create a Wave of Profit

ALL NEW
M616

Performance at a Price You Won't Believe

- Food looks fresh and appealing in upscale alternative to foam and paper packages
- Perfect for hot foods up to 230°F; works well under heat lamps and in microwave
- Cold applications look great; one package for hot and cold minimizes inventory cost
- Attractive black base provides table-ready food presentation
- Made with renewable mineral additives reducing use of petroleum based resin
- Clear, anti-fog, polypropylene lid keeps food visible and avoids errors
- Leak resistant closure keeps lids secure and prevents messy spills

Versatile take-out package solution will catch the wave of demand for snacks, finger foods, and small portions to eat on-the-go
