

Fine Dining on the Go

Enjoy Restaurant Experience at Home

Missing an opportunity to increase sales? Offer your customers signature dishes to enjoy in the comfort of their home when the tight economy and lack of time prevent on premise dining. Anchor's Culinary Series will preserve the look and taste of your best dishes during transport and the secure, leak resistant lids assure no messy spills. Packages lock securely when stacked and the clear, anti-fog lids prevent errors while making it easy for your customer to serve food that looks fresh and appealing. Meals can also be re-

heated in the microwave to allow dining at a later time. Anchor's broad line of premium hinged products will exceed your packaging requirements for ready-to-eat hot or cold meals and ready-to-heat options. Keep your operation running efficiently with one-piece packages with tear-away lids that require no re-plating when ready to serve or choose the "Basics" value offering that still out-performs other packages in the market. Don't pass the buck\$ to your competition. Catch the profits of fine dining on the go!
