

Price-less

With nearly every item you buy being *priced more* due to rising energy costs, wouldn't it be nice to have something *priced less*?

Anchor answers with the **Valu-Bowl**

Value for You

- 28oz capacity, will replace 9" round containers of any material, at a **value price**.
- Internal anti-fogging and vented hi-domed lid provides excellent visibility to **showcase the food and increase order accuracy**.
- **Heat-tolerant** under heat lamps and in warming units, up to 230° F.

Value for your Customer

- Consumers can **reuse** again and again. Made from #5 polypropylene, also **recyclable**.
- Eat right out of the container without re-plating. Reheat, refrigerate, clean, store using the same container. Top-shelf dishwasher-safe, **conserving hot water and detergents** needed to clean pots, pans, and dinner plates.
- Microwave-safe. **Save time and energy** compared to oven heating.

Visit the WHERE TO BUY section of our website to find the nearest Anchor Sales contact. Ask us about our new **Valu-Bowl** or any of the other **70+ items** that we have introduced over the last 2-1/2 years.
