

# Summerfest to Oktoberfest

## Unique Package Makes Every Event Special

*Embraceable*™ platter designed with locator ring in bottom to hold 8 oz. paper food container. Clear, anti-fog, vented lid contains integral sealing flange that forms a lid over paper container at same time it forms leak-resistant seal on platter. Eliminates lid for paper container, saves expense and reduces amount of packaging consumed, thereby reducing carbon footprint. Improves consumer convenience with meal carried in one single container, rather than two.

**Microwavable polypropylene platter and dome is dishwasher safe, consumer reusable and recyclable.**
