

MICRO RAVES® CONTAINERS

M600 WAVE Series 7" x 6" 12-16-20 oz
M400 WAVE Series 9" x 6" 16-24-32 oz, 2-Comp 8/12 oz

EYE-CATCHING ERGONOMIC DESIGN

Attractive black or natural bases from 12 to 32 oz, and a 2-comp base designed with smooth sides for ease of use. Two footprints in three depths with interchangeable lids to fit each set of bases. Keeps the operation running smoothly and simplifies ordering. Dome lids in both polypropylene and RPET have a smooth, sleek look with wide panels to view food contents. A flat RPET lid is available for M400 Series.

VISIBILITY DRIVES SALES AND REDUCES ERRORS

High clarity RPET flat and dome lids with integral Clear Guard™ anti-fog technology eliminates condensation on lids in refrigerated cases to increase impulse sales. Clear, anti-fog, vented, polypropylene dome lids keep food looking fresh in the hot case and prevents order errors.

REDUCE, REUSE, RECYCLE

Containers made with natural mineral additive reducing the use of petroleum based polypropylene resin by 40%. Bases and PP domes are dishwasher safe providing consumer convenient reusability. RPET flat and dome lids are made with a minimum 10% FDA approved post-consumer recycled content. All bases and lids are eligible for recycling. ♻️ ♻️

LEAK RESISTANT AND TABLE READY

Closure design keeps lids secure during handling and transport with leak-resistance to eliminate messy spills. Packages are designed to stack on display and in the bag. Strong, durable bases provide table-ready presentation in a cut-resistant material.

HIGH HEAT PERFORMANCE AND MICROWAVABLE

Bases and polypropylene dome lids will withstand temperatures to 230°F in warming unit, under heat lamps and in the microwave. No need to re-plate chilled prepared foods to be reheated in the microwave at home, work or on the go.
