

## Nature's Best® Natural Hinged CM8831N

8" x 8" Hinged Container 17/4.5/4.5 oz Microwavable 3-Comp. Natural Base With 1-Comp. Natural Lid

Nature's Best® Natural hinged containers offer increased value and affordable alternatives to foam and paper clamshells. Mineralfilled polypropylene (MFPP) will withstand temperatures to 230°F under heat lamps, warming units, and microwaves. The lid is vented to allow steam to dissipate, preserving food quality. Stacking will not block the vents, and the positive nesting design maintains the food presentation during transport. Secure snap closure ensures freshness and eliminates messy spills. Offset tabs make it easy to open and reclose. The durable, cut-resistant polypropylene lets your customers eat right out of the container.
