Subject: Certificate of Compliance – Country of Origin Labeling (COOL)

Date: January 4, 2023

According to guidelines of the Food & Drug Administration (FDA) and the U.S. Department of Agriculture (USDA), it is appropriate for Anchor Packaging, Inc to label all the products it manufactures as “*Product of the U.S.*” or “*Made in USA.*”

This means that Anchor can substantiate that it manufactures “all or virtually all” of its rigid thermoforming products in the United States. Additionally, the product’s final assembly and processing occurs in the United States.

Country of Origin labeling does not change based on where the products are sold unless that country has different rules.

Disclaimer: Purchased products.
