RE: Compostable Molded Fiber Clamshells and Takeout Containers

Dear Anchor Packaging LLC:

This is to confirm that Compostable Molded Fiber Clamshells and Takeout Containers are produced by BPI-approved manufacturers from BPI-certified materials. The products listed in Table 1 of this agreement are authorized to carry the BPI Certification Marks (shown on this page) because they meet all of the requirements of ASTM D6400 or ASTM D6868 and BPI's certification scheme for breaking down safely in a professionally managed composting facility without compromising the quality of the finished compost. Only products listed on Table 1 are covered by the BPI certification.

Should anyone have questions, including about specific SKUs or item numbers, they can contact BPI directly by phone or email.

Sincerely,

Margaret Eldridge
BPI Certification Director
Valid Until: 2026-06-30
