HINGED CONTAINERS

GET THE PRAISE YOUR FOOD DESERVES

Microwavable Polypropylene Hinged Containers with Clear, Anti-fog, Vented and Tear-Away Lids

EXCELLENT FOOD VISIBILITY

Clear, anti-fog, vented lid prevents order errors before leaving the restaurant and preserves that “just-made” food quality appearance. Impress customers with food presented in a value-added, attractive black or clear base. Operators appreciate the affordable upscale alternatives to foam clamshells and paperboard containers.

HIGH HEAT TOLERANT/MICROWAVABLE

Withstands temperatures to 230°F under heat lamps, in warming units and in the microwave. No need to transfer food to a plate to reheat.

SECURE LID PREVENTS MESSY SPILLS

Tight, leak-resistant lid remains closed during handling and transport. The positive stacking design allows packages to be stacked in the bag while venting excess moisture. Offset tabs on the base and lid make the package easy to open and reclose. Tear-away lids make it easy to eat on the go.

REDUCE, REUSE, RECYCLE

Nature's Best® hinged containers, made with less polypropylene resin, are durable and cut-resistant. All packages are dishwasher-safe, consumer reusable, and eligible for curbside recycling after multiple uses.

6" X 6"

	Product Number	SKU Number	Description	Capacity (oz./ml)	Dimensions	Case Pack
